

**CICC**

**Deposition Form**

(\*please note CICC only accepts BSL-1  
and BSL-2 strains.)

<p align="center"><b><u>Fill by CICC</u></b></p> <p>CICC No.:</p> <p>Date:</p> <p>Assignee:</p>
---

- 1、Taxonomic designation: \_\_\_\_\_
- 2、Original No.: \_\_\_\_\_
- 3、Other Culture Collection Center No.: \_\_\_\_\_
- 4、Type Strain:  Y  N                      New Species:  Y  N
- 5、Chain of Custody: CICC←Depositor ( \_\_\_\_\_ )← \_\_\_\_\_
- 6、Source of isolation: \_\_\_\_\_ Date of isolation: \_\_\_\_\_  
Geographical area of sampling: \_\_\_\_\_
- 7、Biosafety Level:  BSL-1  BSL-2  Others  Not Clear
- 8、Application : \_\_\_\_\_  
\_\_\_\_\_
- 9、Characteristics (Results of Morphological, Biochemical, Genetical, Serological, and Other Examinations, e.g. Genotype, G+C mol%, Quinone Type, Fatty Acid Pattern, Phage Pattern: Please cite the reference):  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_
- 10、Gene Components/plasmid: \_\_\_\_\_
- 11、Suggested culture conditions:  
Optimum Temp.: \_\_\_\_\_ °C; Time: \_\_\_\_\_ days;  
Oxygen relationship:  Aerobic  Microaerobic  Obligate anaerobic  
Medium formulation: \_\_\_\_\_  
\_\_\_\_\_
- 12、Suggested conditions for long term storage:  
 -80°C;  Freeze-dried, recommended protective agents: \_\_\_\_\_

Other methods: \_\_\_\_\_

13、Remarks:

---

14、Information of Depositor:

Institution: \_\_\_\_\_

First name: \_\_\_\_\_ Last name: \_\_\_\_\_

Telephone: \_\_\_\_\_ Fax: \_\_\_\_\_

E-mail: \_\_\_\_\_

Address: \_\_\_\_\_

Material Transfer Agreement for Deposition

I agree to deposit this culture in CICC public collections. I understand that the deposited strain will be listed online and could be searched out on CICC Public Website (<http://www.china-cicc.org/> and <http://english.china-cicc.org/index.php>). CICC could distribute it to all scientific communities in both academic and industrial institutions if applicable.
